EDUCATION

Vellore Institute of Technology

B.Tech - CSE

Vellore, Tamil Nadu

Apr-2025

WORK EXPERIENCE

Xyle Media

Lead Development Intern, Web

Remote

June, 2024 – Present

- Led the tech team in building landing pages and internal reporting dashboards.
- Collaborated closely with GAds, campaign managers, and the CEO to refine and deliver an internal dashboard that met the company's strategic needs.
- Dipped into ad campaign management, exploring the ins and outs of running effective campaigns.

Onboarding.club

Full Stack Web Development Intern (Web2 Team)

Hybrid

May, 2023 – June, 2023 and June, 2024 – Aug, 2024

- Built backend architecture, handling hackathons, org setup, user profiles, teams, referrals, and chat.
- Developed and launched event landing pages, including Residency and StellarIndiathon; created a form system solo.
- Led DevRel during a 7-day hacker residency at ZoHouse, Bangalore

Superjoin.ai (formerly, StackIt)

Full Stack Developer

Bengaluru, Karnataka

Aug, 2023 – Dec, 2023

- Working as a developer, being mentored and reporting directly to the Founders' Office.
- Worked on multiple integrations including but not limited to Chargebee, HubSpot, PostgreSQL, etc.
- Developed and implemented a pivotal feature, integrating LinkedIn Ads to the platform from concept to execution - solo.

PupilFirst Pvt. Ltd. and eGov Foundation)

Global Digital Corps National Engineering Fellow and Full Stack Web Development Intern

Remote

June, 2022 – July, 2023

- Selected as 1 of 40 students from 50,000 applicants for the prestigious Global Digital Corps Fellowship, conducted by AICTE.
- Received professional training in web development technologies over a 6-month period.
- Worked in contributing to the development of the CARE 10bedICU system and Ayushma chatbot (recognised by UN).

PROJECTS AND CONTRIBUTIONS

TableSherpa: Web to GSheets Exporter

- A Google Chrome extension.
- Helps in exporting tables from any website to Google Sheets.
- Has a user-friendly UI, allows user to export in CSV and XLSX, too.
- Done as a developer at Superjoin.ai.

CARE 10bedICU System and Ayushma Chatbot

- Contributed to projects recognized as UN Digital Public Goods, including the CARE 10bedICU system, initially a TeleICU system later pivoted to a hospital management system.
- Developed the Ayushma Chatbot, which assists nurses in operating patients, utilizing technologies like Langchain, Pinecone DB, Django, Next.js, and GPT API.
- Both projects were completed as part of my role at eGov Foundation.

Finaflo Support Chat

- Developed a full-fledged support chat application using Redis and WebSockets as a freelancer.
- Created an intuitive UI/UX with seamless navigation and media attachment support.
- Implemented user/admin segregation tailored to client specifications.

Car Wash App

- Done as a freelancer. Designed, implemented full backend - auth, booking, api, chat and payment interface.
- Built with Express (for backend), React Native (for app), Postgres, TalkJS, Stripe

EXTRACURRICULARS

- Core member of Google Student Developers Club, VIT Vellore.
- Winner at HackCom 2019, 2020 hackathon, organised at SAJS Kanpur's Comfest - India's largest student organised fest.
- Judged various hackathons at college as part of GDSC and the VIT's Yantra team.
- Sat at the Founder's Office @ StackIt and pitched multiple times in conventions, conferences and meetings.
- TIME's person of the year, 2006.
